PALOMA

Another historic year of life-saving in Pima County ended with a more than 91% save rate for Pima Animal Care Center. This is one of the highest success rates in the nation for a major, municipal shelter.

Thanks to our community's support, more pets are being saved than ever before.

Pets like Paloma who was saved by a PACC Animal Protection Officer. This little chihuahua was brought back to life with a blood transfusion made possible by Friends of PACC donors. Today she is happy, healthy, and thriving in a loving home.

CORAZON'S COURAGEOUS JOURNEY

Corazon the cat needed a specialty surgery to permanently unblock his urethra. Thanks to Friends of PACC donors, PACC's Director of Veterinary Services was able to fly (with Corazon!) to our friends at Austin Pets Alive and learn how to perform the surgery.

Corazon's operation was a success, and since his trip Dr. Wilcox has saved dozens of other cats and dogs from the same chronic, life-threatening condition.

Your gifts make this specialty care possible and build life-saving programs at our community shelter. With your support we are working to create a sustainable, high-level of care for each and every pet that needs sheltering at PACC.

CORAZON

Our Mission is to support Pima Animal Care Center and enhance its efforts to save the lives of pets in need.
